

Stone Harbor Hardware Outfit Your Home

Stone Harbor Hardware has announced a price adjustment for Bath Hardware collections and Residential Door Hinges. The last price adjustment for these categories was over a year ago, in July 2025, and didn't fully reflect all the dynamic changes occurring with tariffs and sourcing. With recent changes to tariff calculations, and an increase in freight and raw material costs, we need to adjust some of our prices accordingly. But there is some good news! In some cases, we have been able to negotiate or change our sourcing to bring you better pricing.

Bulk residential hinges will have a price decrease, effective immediately! We know it's not often that you see a price decrease, so we are pleased to pass this along to you! This price reduction averages 10.8% with reductions varying by finish.

3-Pack and Pair Pack residential hinges will have a price increase averaging 6.5%, with an effective date of September 24, 2026.

Bath hardware collections will have price adjustment averaging a 9% increase. We are pleased that over 150 items will either remain the same price or will experience a price reduction. Price reductions are effective immediately. Price increases will be effective on September 24, 2026.

Thank you,

Stone Harbor Hardware
