

Price Increase Notification: June 15th 2026

Dear Valued Wholesale Partner,

First and foremost, thank you for your continued partnership and support of Harney Hardware. We truly appreciate your business and the trust you place in our products and team.

As many businesses continue navigating the economic challenges of 2026, including rising transportation expenses, increased raw material costs, and ongoing tariff adjustments, manufacturers across our industry are experiencing significant cost pressure.

Over the past several months, we have worked diligently to absorb and minimize the impact of rising operational costs wherever possible, with the goal of avoiding the kind of price volatility that creates uncertainty for your teams and disruption to your business. However, we are now at a point where we must begin to reflect some of these sustained pressures more accurately in our pricing.

To help offset these increases while continuing to provide the quality products and service you expect, Harney Hardware will implement a modest price adjustment averaging approximately 4%, effective June 15, 2026.

We remain committed to keeping increases as limited as possible and will continue doing everything we can to manage costs responsibly while supporting our customers and partners.

Updated pricing information will be distributed prior to the effective date. If you have any questions, please do not hesitate to reach out to your sales representative or our team directly.

Thank you again for your continued business and partnership.

Sincerely,

Amanda Dodd – Division Head
