

# Access Hardware and Control Solutions

## Price Changes

When it comes to access solutions, we know you have many choices. Thank you for choosing dormakaba and for your continued trust in us as your preferred partner for every place that matters.

As US Tariff conditions have become more predictable, we are transitioning current tariff-related surcharges into our standard list price structure. Alongside this change, an adjustment to list pricing is required to address sustained cost increases due to our current inflationary environment.

dormakaba is announcing a list price increase effective **March 2, 2026**. The following brands are increasing\* as follows:

*\* Increases are an average, with products within each portfolio increasing above or below the stated average. Also includes all current tariff surcharges currently implemented as of May 12, 2025.*

- **BEST Locks, Exits Closers, General Assembly** – From a 7% Surcharge to a 10% list price increase
- **BEST Keys/Cores/Cylinders** – From a 3.5% Surcharge to a 5.5% list price increase
- **dormakaba (Architectural Hardware, Commercial Hardware, Simplex, Eplex & PowerPlex)** – From a 7.0% Surcharge to a 10% list price increase
- **Design Hardware** – From a 7.0% Surcharge to a 9% list price increase
- **dormakaba RCI** – From a 9% Surcharge to a 11.5% list price increase
- **dormakaba Keyscan** – From a 5% surcharge to a 7% list price increase
- **dormakaba Multifamily** – From a 5% surcharge to a 9% list price increase

## Price Books

Price books will be made available no later than February 2, 2026. Price books will be accessible via the dormakaba customer portal and in a subsequent email, which will include a link to download all PDFs.

## Quotes

Quotes issued before March 2, 2026, will incorporate our current pricing and tariff surcharges. All new quotes issued on or after March 2nd, 2026, will incorporate the stated price increase above.

## Orders

Orders received before March 2, 2026, will be invoiced under the current pricing/tariff structure. Orders received on or after March 2, 2026, but were quoted before March 2nd, 2026, will be invoiced with current pricing and tariff surcharges. Orders received on or after March 2nd, 2026, but were either not quoted or quoted after March 2, 2026, will be invoiced with the stated list price increases above.
