

Valued Allegion Customer,

We have continued to monitor market conditions related to tariffs and inflation of energy and material input costs for our products. This includes recent changes to the Section 232 tariffs impacting steel, aluminum, and copper, and rising fuel costs in transportation among other inflationary costs. The tariff changes alone result in a 25% tariff on the full value of the product versus only the value of the impacted components as required in previous proclamations.

While we continue our efforts to minimize the impact to our customers, we are updating List Prices on certain products while also adjusting our Shipping and Handling rates. The changes outlined below will supersede all previously established List Prices, including those effective February 27, 2026.

1) Allegion will apply a List Price increase on all new orders received on or after the effective date of Friday May 29, 2026, as follows:

- Locks & Access Solutions
 - Schlage & Falcon Commercial Locks: 3%
 - Schlage Commercial Electronics: 3%
 - Schlage ECS (Maglocks & Power Supplies): 3%
 - Locknetics: 3%
- Accessories
 - GJ: 3%
 - Ives, SOSS: 3%
 - Trimco: 3%
- Door Controls
 - LCN Aluminum and Falcon Aluminum Series: 3%
- Residential
 - Schlage Mechanical (Select Items): 10%
 - J Series & Dexter (Select Items): 10%
 - Builders Hardware: 3%

*These percentages are averages across each brand at the series level and may be higher, lower or no increase for some products within those brands.

**For additional resources regarding specific family series of products and relevant list price percentage increases please visit the Allegion customer portal at <https://360portal.allegion.com>

New pricing files can be downloaded from the 360 Portal two weeks prior to the effective date.

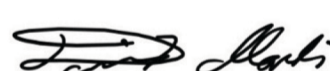

2) In addition to the above list price increases, Allegion is revising the Shipping and Handling policy effective Friday May 1, 2026, as follows:

- For Orders under \$3,000, shipping and handling will increase to 3.5% with a minimum of \$25.
- For Orders over \$3,000, shipping and handling will increase to 2.5%.
- Free shipping and handling will still apply for orders over \$12,000.
- Trimco freight: The threshold for free freight is now \$2,500, NET billing, within the continental US. Contact customer service for new thresholds for shipments outside the continental US.
- Shipping and Handling will now be applied to all FastTrack orders (same rates as above).
- Pro Express Programs will remain exempt from Shipping and Handling.
- The increase in shipping and handling charges will apply to all order types including project quotes and buy program orders.
- All orders received prior to May 1, 2026, will maintain the current shipping and handling rates listed on the sales order acknowledgement. All orders received on or after May 1, 2026, will include the new shipping and handling rates.

We will continue to monitor market conditions and will take appropriate actions to keep you informed. If you have any questions regarding these updates, please reach out to your Allegion sales representative.

Thank you for your continued support, business, and partnership with Allegion.

Sincerely,

Dave Ilardi
Senior Vice President and President,
Allegion Americas
