

FIRST LIGHT NEWS

May 7, 2026

Dear Customer,

We continue to see higher costs across several key areas of our business in particular with freight and aluminum. Because of this, NGP will implement a price update **effective June 8, 2026** with an average price increase of 5%.

You can review the revised Price List using the link below. If you would like a printed book mailed to you, please use the second link and provide the requested information. We'll send those out once the new books are printed.

[SEE THE NEW PRICE LIST >>](#)

[REQUEST A PRINTED COPY >>](#)

PLEASE NOTE: For all existing quotes, we will honor the quoted pricing through the quote's expiration date.

As always, we appreciate your business and your trust in NGP.
