Re: ASSA ABLOY Price Adjustments – **US ONLY**

Thank you for your continued partnership with ASSA ABLOY. We truly value your business and appreciate the trust you place in us every day to deliver reliable products, responsive service and ongoing investment in innovation and quality.

As we continue to navigate sustained increases in material, labor, transportation, and supply-chain costs, we have remained focused on managing these pressures through productivity improvements, operational efficiencies, and responsible cost management. Despite these efforts, the following price adjustments* have become necessary:

Effective January 11, 2027:

Door Group	Ceco Door®, CURRIES®, ASSA ABLOY Service Centers, Pioneer	8.0%

Effective February 15, 2027:

Access & Egress Hardware	ASSA ABLOY ACCENTRA® (mechanical, digital, residential), Arrow™, Corbin Russwin®, Norton Rixson®, SARGENT®, Securitech®	4.5%
Accessories & Glass Solutions	McKinney®, Pemko®, Rockwood®, ASSA ABLOY Glass Solutions	5.5%
Electromechanical Solutions Group	Adams Rite®, Alarm Controls®, HES®, Securitron® Control iD®	3.7% 3.2%
High Security Group	Medeco®, ASSA®	4.0%

*Percentages shown are averages and may vary at the brand and series level and may be higher, lower, or remain unadjusted.

Quotations issued before the effective date of each brand group will be honored through their expiration dates. Upon expiration, all new or revised quotes will reflect the updated pricing.

New price book PDFs will be available on ASSA ABLOY Connect (under Resource Library) and on the brand websites by December 4, 2026 for Door Group and January 15, 2027 for all other brands.

If you have questions or would like to discuss this adjustment, your ASSA ABLOY sales representative is available to help.

Sincerely,

Bill Grambo
Senior Vice President and Head of Commercial Segment
