**Subject: Notice of Price Adjustment Effective February 16, 2026**

Dear Valued Customer,

At M-D Building Products, we remain committed to delivering high-quality products and services. Due to rising raw material costs of aluminum, we will implement a price adjustment across our product offering effective **February 16, 2026**.

**Key Drivers:**

- Aluminum billet pricing (LME + MWP = MWTP) has experienced a 45% increase since May 2025.
- Incremental increases in labor, corrugate, and energy.

**What to Expect:**

- New pricing will be primarily based upon the amount of aluminum in the individual product
- New pricing applies to all orders placed on or after February 16, 2026
- Existing quotes and orders placed before this date will be honored
